

# Your way to Zukunft Personal Europe 2024 with NUNAV – the free, innovative navigation app

**With NUNAV you will be guided directly to your trade fair parking.**

Please scan the QR code on the right with your mobile device.

Afterwards you will be automatically redirected to download the navigation app NUNAV from your app store (Android or iOS) free of charge.

For navigation, please activate GPS and Bluetooth on your mobile device.

As soon as you have installed the NUNAV app on your device, another scan of the QR code will take you forthwith to the corresponding route in NUNAV.

Alternatively, you can also directly search for the corresponding event name in NUNAV.

On the overview page that opens, please press the button „Navigate“.

NUNAV will then guide you directly to your free parking space at the fair ground. Here, NUNAV relies on „networked driving“ and coordination of traffic by means of swarm intelligence – intelligently guided for the most possible free of traffic jam journey to your trade fair parking.
